WHAT IS THE STUDIO?

The studio is a Music Club for everyone. Regardless of your level, our emphasis is on having fun, whether you started piano, vocal or guitar lessons at age 6, played in garage/college bands in your 20's & 30's or play/sing at home now. You don't have to audition to be a member of our band. All you need is a love of music and we'll do the rest. If you've been singing karaoke, you can sing with a live band at our Saturday jams.

We have something for everyone – beginner, intermediate & advanced.

Member 1131 – Intermediate guitarist looking to play with a band for jams & an occasional gig. I am very easy going, committed & flexible. I am into metal, hard rock classic rock & some modern blues.
